[illegible]

This diagram shows a cross-sectional view of a second embodiment of the device. It features a central horizontal member 5642a. On the left end, there is a component 5650. Along the length of member 5642a, there are two rows of small, rounded protrusions: one row on top labeled 5652 and one row on the bottom labeled 5644. To the right of these rows, there are two rectangular blocks, one on top labeled 5648 and one on the bottom labeled 5634a.
